

Results for Flight of the Galahs

The ***FISTS Down Under Inc.*** event, ***Flight of the Galahs*** (FOG) was run on Sunday, 22nd September, 2019 which proved to be far less of a success than was anticipated.

Of the 110 club members, 4 members registered for a FOG number and of that 4 only 2 have confirmed their participation.

Other Club members did join in, one sending in a log and others were heard calling however, I was unable to be heard by them.

Thank you all the Club members who supported this event in whatever fashion that took.

Earlier in the year the Club Committee ran a survey where 73% of members indicated they would be happy to participate in FDU short contest style events. Despite this event being well publicized in the Club Newsletter, website and Face Book page, the event was generally poorly supported.

The ongoing practice of running FISTS Club contest and events is now under review.

Best regards,
