**Comments:**

A fun contest as usual. I used my Buzza No. 100 Bug for the contest. Thanks to all who participated.

Another fun short comp on 80m and conditions were in good shape.

A good contest. Could have done with more time (prefer hour to 45 min).

A good contest in spite of S8-9 background QRM/N. (I notice the VK CW Net is now giving an 'N' for QRN value with their RST report

eg 'RSTN 5796' when the background QRN is S6. This makes sense)

I think the 80Mt band conditions are improving. It was nice to hear the QCX making a good contact into VK3 from VK2.
