

FISTS Down Under Inc.

Lighthouse Sprint

Friday, 16th August, 2019 / 1100 - 1130UTC

Results

| QRP | FISTS # | Name | Call | Points |
|-----|---------|---------|--------|--------|
| | | | | |
| Y | 14185 | David | VK2JDR | 14 |
| Y | 14151 | Garry | VK2GAZ | 14 |
| N | 14164 | Steve | VK7CW | 13 |
| Y | 15215 | Bill | VK1MCW | 12 |
| N | 15204 | Tony | VK3TP | 7 |
| N | 9609 | Patrick | VK2IOW | 4 |
| | | | | |

Certificates:

FISTS member with the highest score:

David VK2JDR #14185 & Garry VK2GAZ #14151

QRP operator with highest score:

David VK2JDR #14185 & Garry VK2GAZ #14151

Thank you to all who participated.

Comments:

My first ever contest! I came late, had to pick up my daughter from the bus in Bathurst.
Still was some fun, though new for me.

Thanks for the sprint. It was a lot of fun. Conditions were great and it was good to make the qcX - qcX contact with you. My station for the night was outside on the balcony, running the QCX from a LiFePo battery to an end fed half wave antenna supported by 2 squid poles, oriented East to West which appeared to favour stations South of my QTH although I was getting RBN hits from VK4 but no contacts tonight.

Nice relaxed sprint with just the right amount of time allotted. Thanks to all who participated.

I enjoyed this sprint contest and it was encouraging to work so many QRP stations.

On the night local QRM/N was running around S6/7 so I reluctantly used my FT891 at 100W but in retrospect, with the success of the other QRP participants, I should have gone back to the FT817.

Thanks again for organising the contest.
