Certificates:

A certificate will be sent to all (4) who participated in the contest and sent in logs.

Thank you to all who made the effort to go on air under very trying conditions.

Comments:

Band conditions were atrocious and my running the contest on the same day as the CQWW CW contest did not make matters any easier.

I know from logs that Laurie VK2GZ #15218 and David VK3FDE #9088 also competed in the contest, thank you.

Onward and upward, hoping next year will bring more favourable result.
