Thank you to all who made the effort to go on air, a very good roll up.

Comments:

After using a bug and cootie key for so long I didnt realise how bad my straight key sending was.

Sure was good fun using a straight key again and dusting off the Czech Army Key.

Thanks for another great contest 73 de Steve VK7CW/QRP.

Difficult conditions in Melbourne. We had had a gigantic rain storm earlier in the day and everything was 'disturbed'. I believe the ZL contact thought I was taking part in a ZL contest and only gave me "559/023, 73 TU" and signed out. Bill, VK2FDBR was under a load of QRN/SB so I couldn't read his signal report to me.
